

INDUSTRIAL LAUNDRY EQUIPMENT

A Division of East Coast Services
 PO Box 1369 · Hickory, NC 28603

Uniform Rental · Linen Rental · Hospitality · Nursing Homes · Wet Cleaning · Shirt Laundries

-WashTech's Soft-Mount washer-extractors are set apart from others in the industry by a unique system of Air and Shock Cushions. This anti-vibration system supports the washer cabinet, eliminating Vibration and Vibration Noise.

-With this unique system, there is no need for Costly Floor Preparations (bolts, grout, and special concrete pads).

-Simply set the machine on its support feet and it is ready to run.

-Our Heavy Duty washer-extractors are designed for Durability, Low Maintenance, and Easy Access.

-With our Electronic Drive, you are not limited to a choice between High or Medium extract speeds.

-Each wash formula can be programmed to provide your choice of extraction speed for maximum extraction for delicate material or heavy duty industrial fabrics.

-All WashTech washer-extractors have a water reuse option available.

Water and Sewage usage can be reduced up to 30%.

-Our washer-extractors are available in 50, 60, 90, 150, and 250 lb sizes.

We manufacture Dryers in comparable sizes.

-Option – Softrol Control

-References and Pricing are available upon request.
